Monday

Sports:

GOAL!!!!!!!!! That's right, it is sports time. In sports, we will play many different games and activities (i.e. football skills, coordination, getting the perfect beach body). Our goals are to get you moving and to have fun after school!

iPad:

For the little "techy" in you, the iPad activity is the way to go. Students will explore the iPad's different features and apps. Additionally, the students will learn about responsible handling of technology.

Free Play:

It is nice to be able to just relax and do what you want. If you want to play with Legos, then do it. If you want to colour, then colour.

Tuesday

Baking & Cooking:

Every week our Phorms junior chefs will prepare variety of different culinary delight. They will be baking and cooking following child friendly recipes. The students will not only learn everyday kitchen basics but nutritional facts along the way.

Dance Party:

"Everybody Dance Now." The Dance Party will introduce the children to different musical and dancing styles through a variety of activities and games. It will help promote good balance and coordination. But most of all, the students will have a lot of fun.

Lego:

With many little coloured blocks, the possibilities are nearly endless. We will complete Lego challenges, build cities, and watch our imagination come to life. We will be working with basic Lego and Lego mechanics.

Wednesday

Free Play:

It is nice to be able to just relax and do what you want. If you want to play with Legos, then do it. If you want to colour, then colour.

Just Breathe!

Life is stressful with homework, tests, training etc… Take a break and *Just Breath*! This is activity is a chance for you to relax, reflex, and recharge.

Nature:

If you like enjoying the great outdoors and care about our planet, join us. We do some cool projects, upcycle, learn about our planet and that is just the start.

Thursday

Art & Crafts:

"WOW! You made that!" The Arts and Crafts activity is perfect for every little artist. The students will work with a varied array of materials while honing their artistic and crafting skills (i.e. drawing, painting, sculpting, sewing, folding etc…).

Calligraphy & Lettering:

Penmanship is not just for scholars but also comic authors and greeting card writers alike. Come take part and learn how to letter like in the comics and design really cool seasonal letters.

Magic:

"Where did the bunny go?" Join us and learn simple magic tricks that will impress your friends and family.

Friday

Games:

Cool, what game is that? Improve your strategic thinking and problem solving skills by playing games with your friends. You will have the chance to play not only Tic-Tac-Toe but board games, card games, dice games and many more!

Music Time

Love to sing, rock out or just chill-out with your favourite tune in the background? If yes, Music Time is for you. There is a wide range of topics from all around the world of music which we will investigate. Come get your weekly dose of good times and grooves.

Woodworking:

Woodworking is a great skill to possess because it teaches us concentration and precision, and gives us a sense of accomplishment. We will not only learn how to saw and sand, but how to use a wood burner and apply a finish.

Study Time Guidelines

Study Time is an opportunity for the students, four days a week, to get their homework done while in the AP. If needed, the students receive assistance with challenging exercises but mostly students will be working quietly and independently.

Students, who do not work and distract others, are not allowed to participate. Students who are not signed up and wish to do their homework may join Study Time.

Study Time: **15:55-16:40**

Study Time Richtlinie

Die „Study Time“ im AP bietet den Schülern die Gelegenheit vier Tage in der Woche ihre Hausaufgaben zu erledigen. Während dieser Zeit arbeiten die Schüler hauptsächlich leise und selbstständig. Doch selbstverständlich kriegen die Schüler bei schwierigen Aufgaben Unterstützung.

Schüler, die ihre Aufgaben nicht erledigen oder andere Schüler ablenken, dürfen nicht teilnehmen. Schüler, die nicht angemeldet sind aber doch ihre Hausaufgabe machen möchten, dürfen jederzeit an der „Study Time“ teilnehmen.

Study Time: **15:55-16:40**

Support Guidelines

Support is a chance for full-time AP students to get one on one tutoring from native speakers in **German and English**. Each tutoring session is **30 minutes long**. During the session the students are able to work on specific parts of the language, class work, or practice the language in general. When signing up please note any special areas of interest. Students may sign up for one German and one English tutoring session per week and **only with a teacher recommendation**. Depending on demand, support may occur on a rotational or small group basis.

Support Richtlinie

In „Support“ haben die vollzeitigen AP Schüler die Möglichkeit, eins zu eins Nachhilfe von Muttersprachlern **in Deutsch und Englisch** zu bekommen. Jeder Einzelunterricht dauert **30 Minuten**. Während des Unterrichts können die Schüler an spezifischen Teilen der Sprache, Schulaufgaben oder die Sprache allgemein üben und vertiefen. Schüler dürfen sich nur für eine Nachhilfestunde in Deutsch und Englisch und **nur mit Empfehlung des Lehrers** anmelden. Abhängig von der Nachfrage könnte es sein, dass die Nachhilfe abwechselnd oder in Kleingruppen stattfindet.

*****Prior to signing up for Support, please talk with Mr Blessinger*****
